Who are we?

Justice and Relief is an organisation that strives to restore basic rights of the Palestinians. To show what is left of humanity in the west by reaching out. Hand in hand with our donators, we humbly work towards our goals.

Together with You, HOPE and JHCO, we can make the world better, one step at the time.

"

The morality of the west rests on the shoulders of the people.

Palestine

Campaigning for Amputees and Children in Gaza

Projects & Challenges

Projects

Justice and Relief has been hard at work, selecting the initiatives for us to support. The initiatives, HOPE and Restoring Hope, are unique in their own way of supporting the Palestinians.

Apart from these important initiatives, Justice and Relief consists of technical students who put their skills to use innovating solutions here in Delft.

How to Help?

First, you can help by donating. Donating to our prosthetics project helps Palestinians walk again and live their lives better. Donating to our education project will go to education for children in Gaza.

Second, you can spread the word! Share our story on social media. You can follow us on justice_and_relief on Instagram, make sure to tag us if you share the message!

You can also directly spread the word to family, friends, fellow students, and colleagues.

Check the get involved tab on the website!

Restoring Hope

- Providing prosthetics and revalidation for Gazan amputees
- Unique because they have an active supply line into Gaza
- Jordan Hashemite Charity Organisation (JHCO)

HOPE

- Education and artistic expression for children.
- 33 Years of experience supporting Palestinians
- Very successful at making a local impact, then and now.

Justice and Relief

- Students
- Select the best initiatives
- Use technical expertise to build relief solutions
- Campaigning and raising funds
